

# POEM: GUARDIANS OF THE WEB

The internet can be a wonderful thing, there's so much to do and find

But if we are to use it well, we must bear these THREE rules in mind:

## SAFETY:

- 1 When we're on the world wide web, we need to surf with care,  
for it's not just us and our friends who are lurking on sites out there  
Passwords and privacy settings, are a great way of making sure,  
that only those we trust and know can view our pictures and more.

## RESPECT:

- 2 Be respectful to others, act thoughtfully and without spite,  
for if we don't then soon we'll find that we may be caught out.  
Treat others as we'd like to be treated, and hopefully soon we'll see,  
that bullying on the internet is part of history.

## RESPONSIBLE:

- 3 Finally, we need to be aware that sometimes we must be,  
The one who acts with caution and takes responsibility  
Report any problems, ask an adult for help, don't take risks and be kind throughout  
Follow these rules and we'll all be 'guardians of the web' without a doubt
