

ADVANCED BEHAVIOUR MANAGEMENT

Dealing with difficult behaviour can be the most challenging part of a workshop leaders' job! Bigfoot's course will allow you to develop the skills and knowledge needed to deal with any situation.

“Been teaching a while and still having behaviour problems with your students? Are behaviour problems constantly holding you back from doing the work you want to do? Do you think that you have tried everything and nothing works? You are not a bad teacher and you are not failing. This happens to every teacher and we continually need to develop and improve our practice to aid this.”

Carolina Giammetta Cordes, Course Leader

Carolina will spend the day looking at new techniques and observing different practises. She will aim to help you find fresh inspiration in your approach to behavioural issues by giving direct feedback and response about your practise in a fun and exciting way!

“I have gained confidence in my own abilities and an awareness of the individual needs of students. The focus on individual techniques and personal feedback was very helpful” **Past Participant**

“I feel better equipped with a much improved tool box of skills. Feel like I am a 'good' teacher again” **Past Participant**
