

SAFER INTERNET DAY

TUESDAY 8TH FEBRUARY 2022

Bigfoot are proud to support the UK Safer Internet Centre with this year's global theme 'All Fun & Games; Exploring Respect & Relationships Online'. Our range of assembly and/or workshop programmes enable children of all ages to work together to explore how important it is to; be kind and respectful online; protect their online presence; understand how we can have fun and a positive experience if we all follow some simple rules.

What schools have previously said about our Safer Internet Day programmes:

“

All of the main issues surrounding online safety were delivered in an engaging way. The children loved the characters and couldn't wait to give them advice to help solve their problems. The drama workshops really helped the children delve deeper into the ideas delivered in the assembly; a great follow up.

Gordonbrock Primary School

“

The facilitator and workshop were engaging and exciting for my Year 1 children. The facilitators behaviour management strategies meant that the children were concentrating on their learning and the activities linked well to the objectives set. I also will be able to use them back in the classroom to further support my teaching of computing and E-safety. I would highly recommend this programme for other Year 1 classes!

Jenny Hammond Primary School

“

If you are looking for an engaging, fun, educational workshops for your pupils then this is the programme for you. Our children have learnt some strong meaningful messages regarding cyber safety which we believe we stick in their minds for a long time.

ASSEMBLY & WORKSHOPS: CYBER SMART ME - KS2

Meet Gus, just your average school spider who cruises the school's 'world wide web' trying to protect students from online harm. Cue 'Bip', a fun, caring, and entertaining caretaker who has been worried about some of the things that have been happening in school recently, both online, at home, and in class. Together can you help them come up with a clever way to teach children how to keep themselves, and each other, safe online by being super cyber smart?

Through this engaging assembly and workshops, we will explore the following SMARTY rules:

- S-AFETY: Using safety mechanisms such as privacy settings and passwords.
- M-EAN MACHINES: Understanding what cyber bullying is
- A-WARENESS: Being aware of the dangers of sharing your personal information with others.
- R-ULES: Putting some rules in place so that we can manage our screen time.
- T-ELLING: Knowing when it's time to get support if you witness, say or do anything online that makes you feel uncomfortable.
- Y-OU: Understanding that in order to be Cyber Smart, it has to start and end with YOU.

£595 PLUS VAT: 45 MINUTE ASSEMBLY PLUS 4 X 1 HOUR WORKSHOPS

BOO GETS CYBER SMART WORKSHOPS - EYFS & KS1

Boo, the Bigfoot Bunny, is so excited to play games, watch videos and find out information on the new family tablet. But Boo soon finds it all a bit overwhelming – Should he click on the message that keeps popping up? How can Boo find the right safe video to watch? And what about the people that are being unkind to each other on Boo's favourite game? Can you help Boo make the right decisions when using the internet?!

This specially designed 45 minute workshop incorporates a beautifully unique 15 minute animation in order to help children as young as 4 explore the following key aspects about cyber safety:

- What it is to be kind online
- What to do if you feel unsafe
- How to limit the time you spend online

£495 PLUS VAT: UP TO 5 X 45 MINUTE WORKSHOPS

CYBER SAFETY WORKSHOPS - KS2

Bigfoot's 'Cyber Safety' workshops encourage children to consider how we use the internet and smart technology, prior to exploring the implications of this on our safety and well being.

Through a variety of drama and communication games and exercises, students will explore how to stay safe online, how we share information and connect with others safely, as well as the consequences of negative behaviour. A brilliantly positive, fun and informative experience for students to safely explore a serious issue facing all young people today.

£320 PLUS VAT: UP TO 5 X 1 HOUR WORKSHOPS

CYBER BULLYING WORKSHOPS - KS2

Bigfoot's 'Cyber Bullying' workshops encourage students to consider how we communicate online, along with the implications this can have at home, at school and in the wider community.

This workshop focuses specifically on the causes, effects and consequences of negative behaviour online. Students will be encouraged, through a range of role play and storytelling activities, to identify the differences between 'cyber bullying' and 'face to face' bullying and to understand the devastating effects a simple action online can have on both the victim and the perpetrator. A fast paced, thought provoking, creative opportunity for students to explore what we can do together to ensure that we use the internet responsibly, safely and positively.

£320 PLUS VAT: UP TO 5 X 1 HOUR WORKSHOPS
