

HAPPY * HEALTHY * HOLIDAYS

"The educators running our holiday workshops were some of the friendliest and most creative people I've met. They were amazing with the children and it was so lovely see them smiling and being carefree- what a great way to get active together during the school break"

THE HOLIDAY ACTIVITY & FOOD PROGRAMME AND BIGFOOT

The Government HAF Programme enables education establishment to offer free funded enrichment opportunities to children eligible for Free School Meals throughout the school holidays.

For over 20 years Bigfoot have worked in partnership with schools and organisations to create extraordinary creative learning environments. Throughout their time with us children and young people realise their potential by working collaboratively and developing the building blocks that will help them succeed in life.

Your school / venue may already be a provider for the HAF programme and are looking for delivery partners like Bigfoot to add a creative dimension to your offer. If so, we can help! Our talented and experienced arts educators all hold enhanced DBS disclosures and have completed Child Protection training from our in-house NSPCC accredited trainer.

Read on to find out how Bigfoot can support your offer throughout 2024 and beyond...
