

# SAFER INTERNET DAY

TUESDAY 6TH FEBRUARY 2024

Bigfoot are proud to support the UK Safer Internet Centre with their global theme 'Making a difference, managing influence and navigating change online'. For 2024 we will join forces with them, along with other organisations, to promote the safe, responsible and positive use of digital technology for children and young people

Our popular range of 'Safer Internet' programmes enable children of all ages to explore how important it is to be kind and respectful online, as well as acknowledging that everyone can have a positive experience if we all agree to follow some simple online safety and behaviour rules.

## CAUGHT UP IN THE NET (KS2)

Bigfoot invites up to 120 KS2 students (4 classes) to participate in a 60 minute interactive session with two Bigfooters as part of 'The BIG 'Safer Internet' Experience...

*"This time it's different though. I mean at least this time they said to my face what they thought of me. Whoever is doing this, is doing it without revealing themselves and this time I can't even get away from it when I go home..."*

This powerful interactive experience will support and empower KS2 pupils to establish positive and healthy online habits. Creative activities and storytelling techniques will support pupils to build their resilience to develop safe and appropriate long term behaviours and relationships in online communities. Together with Bigfoot's World Friendship Ambassadors, pupils will meet a variety of characters who explore the impact of their own, and others, online behaviour, with both immediate and far reaching consequences. The programme will consider how to have positive and respectful online relationships, as well as where to go for support when they have worries or concerns about their own or other's behaviour online.

Schools can book between 1 and 4 Big Experiences over the course of one day. Please note that all sessions must take place in a hall or large space.

Whilst staff members must be present in the space to meet appropriate pupil: staff ratios, all class teachers do not need to attend. This enables schools to use The Big Experience for staff meetings, PPA time and staff training.

### COST:

**£550 plus VAT:** 1- 2 Experiences (AM only)

**£795 plus VAT:** 3- 4 Experiences (AM & PM)

## WORKHOP ONLY PROGRAMMES

### ONLINE BEHAVIOUR (KS2)

**Bigfoot's 'Online Behaviour' workshops encourage students to consider how we communicate online, along with the implications this can have at home, at school and in the wider community.**

This workshop focuses specifically on the causes, effects and consequences of negative behaviour online. Students will be encouraged, through a range of role play and storytelling activities, to identify the differences between cyber and face to face bullying behaviour and to understand the devastating effects a simple action online can have on both the target and the perpetrator. A fast paced, thought provoking, creative opportunity for students to explore what we can do together to ensure that we use the internet safely responsibly and positively.

**COST: £395 PLUS VAT: UP TO 5 X 1 HOUR WORKSHOPS**

### BOO GETS CYBER SMART (KS1)

Boo, the Bigfoot Bunny, is so excited to play games, watch videos and find out information on the new family tablet. But Boo soon finds it all a bit overwhelming; Should he click on the message that keeps popping up? How can Boo find the right safe video to watch? And what about the people that are being unkind to each other on Boo's favourite game? Can you help Boo make the right decisions when using the Internet?!

This specially designed 45 minute workshop incorporates a beautifully unique 15 minute animation in order to help children as young as 4 explore the following key aspects about cyber safety:

- What it is to be kind online
- What to do if you feel unsafe
- How to limit the time you spend online

**COST: £395 PLUS VAT: UP TO 5 X 45 MINUTE WORKSHOPS**

### ONLINE SAFETY (KS2)

**Bigfoot's 'Online Safety' workshops encourage children to consider how we use the internet and smart technology, prior to exploring the implications of this on our safety and well being.**

Through a variety of drama and communication games and exercises, students will explore how to stay safe online, how we share information and connect with others safely, as well as the consequences of negative behaviour. A brilliantly positive, fun and informative experience for students to safely explore a serious issue facing all young people today.

**COST: £395 PLUS VAT: UP TO 5 X 1 HOUR WORKSHOPS**

### BE A CYBER SMART- Y (KS2)

Meet Gus, just your average school spider who cruises the school's 'world wide web' trying to protect students from online harm. Cue 'Bip', a fun, caring, and entertaining caretaker who has been worried about some of the things that have been happening in school recently. Together can you help them come up with a clever way to teach children how to keep themselves, and each other, safe by being super cyber smart?

Through this engaging 30 minute interactive film, we will explore the following SMARTY rules:

- S-AFETY: Using safety mechanisms such as privacy settings and passwords.
- M-EAN MACHINES: Understanding what cyber bullying is
- A-WARENESS: Being aware of the dangers of sharing your personal details with others.
- R-ULES: Putting some rules in place so that we can manage our screen time.
- T-ELLING: Knowing when it's time to get support
- Y-OU: Understanding that in order to be Cyber Smart, it has to start and end with YOU.

**COST: £150 PLUS VAT**

To purchase 'Be A Cyber Smart-y' simply fill out our online order form [HERE](#) or visit our website
