

TRANSITION 2023

With all new beginnings comes BIG change. Bigfoot's innovative transition programmes help students to celebrate and explore the move made from Primary to Secondary school creatively with their peers. A brilliant and beneficial experience for any group of Year 7s embarking on the next chapter of their school journey...

SECONDARY TRANSITION

UPWARDS & ONWARDS (PLAY)

This 60 minute performance is designed for larger groups of students to watch together, especially on induction days or within the first few weeks of September.

Based on real life experiences, the play delves into the lives and minds of two students as they make the move from Primary to Secondary school. Providing a humorous insight into the various concerns associated with moving on, 'Upwards and Onwards' aims to reassure students, alleviate any fears and anxieties and, moreover, to explore coping strategies and the positive elements of transition.

It really is the perfect opportunity to celebrate new beginnings in a positive and enjoyable way!

COST: £450 plus VAT

BIG STEPS (WORKSHOPS)

Having started the day with our live comedy play 'Upwards & Onwards', schools can afterwards opt to book up to 8 x 1 hour workshops, delivered by two Bigfooters, to take place throughout the rest of the day.

These specially designed workshops further build upon the themes presented during the play by asking students to reflect more intently on their own transition experience and how they can support one another. This hugely successful formula of play+ drama workshops gives students the opportunity to discover practical solutions for how they can positively navigate this transition experience, all whilst talking, laughing, exploring and having fun, together.

Up to 8 x 1 hour workshops can be delivered after our 'Upwards & Onwards' play.

COST: £450 plus VAT

“

So much more than a workshop: it's the beginning of a conversation about one of the biggest steps children will make, conducted in such a fun & engaging way- thank you Bigfoot!

”
